

# THE BRAIN TO MARKET SUMMER SCHOOL

*Where business meets science and diverse perspectives converge*

Now in its 7th year, this intensive 5-day training programme gives participants a fresh perspective on what it takes to innovate and make a real difference for patients, research and development, and health care systems.

PARIS –SEPTEMBER 6–10, 2021

*Paris Brain Institute  
with  
Collège des ingénieurs*

## **PARTICIPANT PROFILE**

50 spots are available to: Researchers, clinicians, executives, engineers and designers who want to learn more about the business side of science

## **REPRESENTED EXPERTISE**

### **Research and higher education**

- The Paris Brain Institute
- Sorbonne Université
- Collège des Ingénieurs

### **Healthcare & patient advocacy**

- Assistance Publique Hôpital de Paris (APHP/Paris region hospital group)
- Patient associations specialized in addiction or mental illnesses

### **Industry**
